NOTICE OF AUTHORIZATION TO APPLY THE UL MARK

Northbrook Office

September 20, 2001

Acer Inc
 Attn: Mr. Alton Chen
 21st Fl
 88 Hsin Tai Wu Rd, Sec 1
 Hsichih
 Taipei Hsien 221 Taiwan

Our Reference: File E145483, Project 01NK39555

Subject: Addition of Identical Model 'AAG610' to Vol.1, Sec.44 and Amendment to
 CB Test Report.

Dear Mr. Chen:

We have completed our engineering investigation under the above project number and find the products comply with the applicable requirements.

This letter temporarily supplements the UL Conformity Assessment Services Inspection Procedure and serves as authorization to apply the UL and C-UL Listing Mark, only at the factory under UL's Conformity Assessment Service Program, to the above products, which are constructed as described below:

Similar to products covered in the UL Conformity Assessment Services Inspection Procedure, File E145483, Volume 1, Section 44.

To provide the manufacturer with the intended authorization to use the UL Mark, the addressee must send a copy of this Notice and all attached material to each manufacturing location as currently authorized in the appropriate UL File Procedure.

This authorization is effective for 90 days only from the date of this Notice and only for products at the indicated manufacturing locations. Records covering the product are now being prepared and will be sent to the indicated manufacturing locations in the near future. Please note that Conformity Assessment Services Procedures are sent to the manufacturers only unless the Applicant specifically requests this document.

Please note: Within Canada, there are federal and local statutes and regulations requiring the use of bilingual product markings. It is the responsibility of the manufacturer (or distributor) to comply with this law. As such, the markings provided in the UL Conformity Assessment Service Procedure may include only the English version. Please contact us if you need assistance with translations or in determining which markings are appropriate for your product.

Products produced, which bear the UL Mark, shall be identical to those evaluated by UL and found to comply with UL's requirements. If changes in construction are discovered, authorization to use the UL Mark may be withdrawn and products that bear the UL Mark may have to be revised (in the field or at the manufacturer's facility) to bring them into compliance with UL's requirements.

Respectfully,
