

## NEC MobilePro 900

### Opening the Modem Cover

To connect a telephone cable to your MobilePro™ 900, open the modem cover to about a **45-degree angle** from the side of the MobilePro. Insert the clip side of the telephone cable into the modem cover (see the following figure).

See your *NEC MobilePro 900 User's Guide* for detailed modem connection information.

- A** – Modem Connector
- B** – Modem Cover at 45-Degree Angle;  
Clip Side of Telephone Cable Connector Goes Here

---

**⚠ CAUTION** To prevent damage to the modem cover, ***do not open the modem cover more than the 45-degree angle.***
