Acer eSettings Management

Met Acer eSettings Management kunt u uw systeeminformatie en –configuratie bekijken, wachtwoorden instellen om de beveiliging te verbeteren en opstartopties instellen.

Acer eSettings Management gebruiken

Acer eSettings Management starten:

- Klik op het pictogram van Acer eSettings Management in de **werkbalk Empowering Technology** op het bureaublad.
- Ga via het menu Start naar (Alle) programma's> Acer Empowering Technology > Acer eSettings Management.

Hiermee wordt de hoofdpagina van Acer eSettings Management geopend.

Hoofdpagina Acer eSettings Management

Vanaf de hoofdpagina kunt u verschillende types **System Information** (Systeeminformatie) bekijken:

- Overzicht
- Processor
- Geheugen
- MB en BIOS
- Video
- Audio
- Netwerk

Klik op de pijlen naar links en rechts bovenaan op de pagina om alle tabbladen

met systeeminformatie weer te geven. Klik op de pictogrammen 📋 📥 om de informatie van het geselecteerde tabblad op te slaan en af te drukken.

Wanneer u op de pictogrammen onderaan op de pagina klikt, kunt u ook:

- Uw opstartopties instellen.
- Belangrijke systeemonderdelen controleren.

Boot Options (Opstartopties)

Selecteer deze pagina om de opstartvolgorde van uw computer te wijzigen.

Monitoring (Controle)

Gebruik deze pagina om belangrijke systeemonderdelen te controleren:

- Overzicht
- Temperatuur
- Ventilatorsnelheid
- Voeding
- Netwerk
- Geheugengebruik
- Harde schijf
